INDEPENDENT ACCOUNTANT'S REPORT

Members of the Treasury Oversight Committee
County of Colusa
Colusa, California

We have examined the County of Colusa's compliance with the Treasury Oversight Committee provisions contained in Sections 27130-27137 of the California Government Code for the year ended June 30, 2010. The County Treasury's management is responsible for the compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination. We did not audit, verify or confirm the existence of the investments as this was not within the scope of this engagement and is normally included as part of the County's annual financial audit. Rather, the sole purpose of this audit was to determine compliance with the requirements specified in the Government Code Sections.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and accordingly, included examining, on a test basis, evidence about Treasury management's compliance and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on compliance with specified requirements.

In our opinion, the County of Colusa is in compliance, in all material respects, with the articles of Section 27130-27137 of the Government Code for the year ended June 30, 2010. We have included on the following pages our discussion and observations regarding the oversight compliance based on our examination.

BACKGROUND AND GENERAL

In 1995, the California legislature passed provisions requiring each county and city to establish an oversight Committee of from 3 to 11 members representing various organizations (The pool or organizations was also specified in the legislation). The purpose of this Committee was to oversee the policies that guide the investment of public funds. The Committee was not to impinge on the day to day operations of the County Treasurer, but rather to review and monitor the Treasurer’s investment policy and reporting.

Certain statutory changes were enacted by the California legislature effective January 1, 2005. Government Code Section 27131 now makes the Treasury Oversight Committee optional, although the legislature encourages the continuation of the Oversight Committee. If the County elects to continue the Treasury Oversight Committee, Government Code Section 27134 still requires an annual audit to determine compliance.

Other statutory changes also include the removal of the mandatory filing of the County’s annual investment policy and the county’s quarterly investment report. Instead, the County’s annual investment policy should be submitted to the County Board of Supervisors and the quarterly investment reports should be submitted to the County Administrative Office, Auditor-Controller, or Board or Supervisors.

COMPLIANCE AUDIT

The oversight legislation included many specific requirements such as the required content of the Treasurer’s Investment Policy. Government Code Section (GC) 27134 requires an annual audit to determine compliance with the provisions. This audit serves to comply with that provision.

COMMITTEE FORMATION AND OPERATION

In 1996 the Committee was established by Resolution No. 96-10. For the year ended June 30, 2010, the Committee operated with six members. One committee meeting was held. Minutes of the meeting was properly maintained.

INVESTMENT POLICY STATEMENT

Government Code Section (GC) 27133 requires the County Treasurer to annually prepare an investment policy statement. The policy for this examination was effective for the calendar year ended December 31, 2010 and was approved by the Board of Supervisors at their December 8, 2009 meeting.

X WITHDRAWAL OF FUNDS FROM COUNTY POOL

a. Notwithstanding any other provision of law, any local agency, public agency, public entity, or public official that has funds on deposit in the county treasury pool and that seeks to withdraw funds for the purpose of investing or depositing those funds outside the county treasury pool, shall first submit the request for withdrawal to the county treasurer before withdrawing funds from the county treasury pool.

b. The county treasurer shall evaluate each proposed withdrawal for its consistency with the criteria adopted pursuant to subdivision (h) of Section 27133. Prior to approving a withdrawal, the county treasurer shall find that the proposed withdrawal will not adversely affect the interests of the other depositors in the county treasury pool. (GC 27136)

XI DAY-TO-DAY OPERATIONS

Nothing in this article shall be construed to allow the county treasury oversight committee to direct individual investment decisions, select individual investment advisors, brokers, or dealers, or impinge on the day-to-day operations of the county treasury. (GC 27137)
GENERAL COMPLIANCE

We reviewed the County’s actual practices during 2009-2010 to determine compliance to applicable government code sections and to the County investment policy as follows:

Reporting

We reviewed the Treasurer’s monthly reports which were submitted to the Board of Supervisors and to the Treasury Oversight Committee to verify that they contained the information specified in Government Code Section 53646. They appeared to be complete with all the required information.

Safekeeping

We reviewed the Safekeeping arrangements of the Treasurer to verify compliance with information specified in Government Code Section 53601. The safekeeping arrangements appear to be in compliance with the government code.

Investments

We reviewed the investments to verify that the maximum percentages by category of investment did not materially exceed the allowable percentages. We also reviewed the investments to verify that maximums for single issuers and maximum term limits specified in the policy were not exceeded at year end. Investments appear to be in compliance with Government Code Section 53601 and County investment policy.

The following illustrates the carrying value (cost) and fair value of the treasury investments as of June 30, 2010:

Interest Apportionment and Administrative Charge

We reviewed the interest apportionment to verify compliance with Government Code 53684b and the County investment policy which states that all costs related to investing, maintaining and accounting for the investment purchased for the Investment Pool shall be apportioned equally on the average daily balance method quarterly to all participants with funds in the Investment Pool, including those held in specific investments. Interest earnings shall be apportioned on the same basis and also distributed quarterly. The interest apportionment and the administrative charge appear to be in compliance with Government Code 53684b and the County Investment Policy.

The following is a summary of the interest apportioned for the year ended June 30, 2010:

CONCLUSION

The Treasury pool appears to be diversified. The term of the investments range from zero to four years and the fair value was 1.0015% of carrying value (cost). Safekeeping agents were used for custody of investments. Quarterly reports on the treasury pool were complete and provided the necessary information to properly review the portfolio.

We believe the County is in compliance, in all material respects, with the articles of Section 27130-27137 of the Government Code for the year ended June 30, 2010.
COUNTY OF COLUSA, CALIFORNIA
TREASURY OVERSIGHT COMMITTEE
SCHEDULE OF FINDINGS AND RECOMMENDATIONS
FOR THE YEAR ENDED JUNE 30, 2010

10-01 Finding

We noted that the administrative charge deducted from the interest income was a rate set by the Board of Supervisors in accordance with the revised investment policy rather than the actual costs as required by Government Code 53684(b).

Recommendation

We recommend that the investment policy as revised be reviewed to ensure that it is in compliance with Government Code 53684(b) in regards to the actual cost of investing, depositing, banking, auditing, reporting, or otherwise handling or managing funds.

Corrective Action Plan

The administrative cost is determined by the Board of Supervisors during the budget process.

10-02 Finding

We noted that the investment report required to be submitted to the Board of Supervisors and Treasury Oversight Committee within 30 days following the end of each quarter was not submitted in a timely manner for the quarter ending September 30, 2009.

Recommendation

We recommend that the quarterly investment reports be submitted to the Board of Supervisors and Treasury Oversight Committee within 30 days following the end of the quarter in compliance with Government Code 54646(b)(1).

Corrective Action Plan

The investment reports are prepared in a timely manner, but due to the timing of the Board of Supervisors’ meetings, they are agenized as soon as possible. The Board of Supervisors meet on the first and third Tuesdays of each month and they require a two week advance notice to agenize. This sometimes creates a conflict. We will work with the Board clerks in the future, if the need arises, to see if we can get the investment report placed on the agenda, even if it is after the agenda deadline.

The County is no longer under any requirement under Government Code to have a Treasury Oversight Committee, but the County has elected to continue with the committee. However, the meeting schedule has been modified so the committee will meet at least bi-annually, sometimes with a third meeting within the year if the need arises. Due to this scheduling change, the County will never be able to meet the recommendation of having the investment report submitted to the committee within 30 days following the end of the quarter since we are not meeting quarterly. The Investment Policy will be revised to reflect the new meeting schedule.
