**Colusa County Air Pollution Control District
Announces Electric Vehicle Charging Station Grant Program**

(COLUSA, CA) June 17, 2021 – Earlier today, the Colusa County Air Pollution Control District (District) announced the launch of their Electric Vehicle Charging Station Grant Program (Program). The Program is open to both public and private entities, and applications will be accepted beginning June 28, 2021. Grants will be awarded in the order that applications are received, until all grant funds are expended.

The Program is funded by the California Air Resources Board under the Carl Moyer Memorial Air Quality Standards Attainment Program, and developed to accelerate the build-out of electric vehicle charging stations throughout California.

Applications are available at the Air Pollution Control District office located at 100 Sunrise Boulevard, Suite A in Colusa, or via the District's website at: www.countyofcolusa.org/461/Air-Pollution-Control-District.
