PLEASE NOTE: If you are currently enrolled in the PERS Choice or PERS Care plan, you and your dependent(s) will be automatically enrolled in the PERS Platinum plan, unless you make a health plan change during Open Enrollment.

PLEASE NOTE: If you are currently enrolled in the PERS Select plan, you and your dependent(s) will be automatically enrolled in the PERS Gold, unless you make a health plan change during Open Enrollment.

*The County provides each employee enrolled in the CalPERS health insurance plan monthly cafeteria contributions to pay for the cost of the plan. The cost of some health plans is lower than the cafeteria contribution (i.e. the premium for employee-only PERS Gold coverage is \$702.98 but the County cafeteria contribution is \$885, leaving \$182.02 in excess cafeteria funds). Employees can use any excess funds to pay for dental, vision and pre-tax voluntary Colonial and/or Aflac policies. Any remaining balances is deposited into the employees HRA account. With significant increase in insurance premiums costs for the 2022 plan year, many employees will have significantly less excess funds to pay for voluntary supplemental policies resulting in an increased out-of-pocket cost.
