

This year, Open Enrollment is different due to COVID-19. But understanding Kaiser Permanente's health benefits for CalPERS members should still be simple — and with the right tools, it is. The virtual Open Enrollment platform allows you to review pertinent information safely and conveniently.

Kaiser Permanente's virtual Open Enrollment platform offers:

- **Live and on-demand webinars** (in English and Spanish)
- **Virtual tours** of our hospitals and medical facilities
- **Live chat** with a Kaiser Permanente representative
- **Videos** showing how we tailor care services to fit your life
- **Plan details** you can download straight to your device
- **Easy access** with no log-in required

It is easy to use! To access Kaiser Permanente's virtual Open Enrollment platform

**click here:** [Kaiser Permanente Virtual Open Enrollment](#) ←

Once you enter the platform you will see a banner that says Welcome CalPERS Members you will find the Open Enrollment Webinar session here! We will be updating and adding additional sessions each week. We will be holding sessions twice a day Tuesdays, Wednesdays and Thursdays.

You are also able to download resources such as Open Enrollment booklet, benefit summaries, Evidence of Coverage and much more!

As always, you can find additional information and resources on [kp.org/calpers](http://kp.org/calpers)
