### **Colusa County Board of Supervisors Adopts New District Boundaries**

*Proposal F Selected Based Upon 2020 Census Data*

**(COLUSA, CA) January 3, 2022** – At their December 14<sup>th</sup> meeting, the Colusa County Board of Supervisors adopted a Resolution establishing new boundaries for the five supervisorial districts following the data obtained through the 2020 U.S. Census. The Board of Supervisors Adopted Proposal F as developed by Colusa County staff.

Proposal F included the following two key shifts within the county’s population centers:

- Goades Extension of the City of Colusa now resides entirely in Colusa County District 5, after previously being bifurcated between Districts 2 and 5.
- District 4 now includes an additional full city corridor, south to E Street in Williams, and also now extends to the south county boundary.

Supervisorial district boundaries are geographically redrawn every 10 years in line with the county’s population as reported by the U.S. Census. Community input is extremely important to the redistricting process, which seeks to distribute the population in the following criteria (to the extent possible):

- Geographically contiguous districts
- Communities of interest to remain intact

- Cities kept together
- Easily identifiable boundaries
- Encourage compactness

Colusa County held an initial Redistricting presentation in May 2021. Final Census data was made available on October 30, 2021, and Colusa County subsequently held five public hearings to engage communities in the process, and solicit public input.

Colusa County's supervisorial districts are represented by the following Supervisors:

- District 1: Supervisor Jose Merced Corona (2021 Vice Chair)
- District 2: Supervisor Daurice Kalfsbeek Smith
- District 3: Supervisor Kent S. Boes
- District 4: Supervisor Gary J. Evans (2021 Chair)
- District 5: Supervisor Denise J. Carter

Details on the new supervisorial boundaries can be accessed here:
