Private. Convenient. Secure.

What is a Digital Vaccine Record (DVR)?

Your Digital Vaccine Record (DVR) is an electronic vaccination record from the California Immunization Registry (CAIR) and is an official record of the state of California.

What information does the DVR include?

The DVR has your name, date of birth, vaccination dates, and the vaccines you received.

Where do I access my Digital Vaccine Record?

Visit myvaccinerecord.cdph.ca.gov to access your record. You will need to enter your first and last name, date of birth, and mobile number or email address. You will create a PIN which will be required to obtain your DVR when the link to your record is provided to you.

What digital records can I access from the DVR Portal?

There are two types of records you can access from the DVR Portal:

- **COVID-19 QR code** that (when scanned by a SMART Health Card reader) will display the same information as your paper CDC vaccine card: your name, date of birth, vaccination dates, and vaccines.
- **Record of all your vaccinations** that were reported by pharmacies and healthcare providers to CAIR. Note that your historical vaccinations may not have been reported to CAIR.
