

Vision Statement

The Colusa County Department of Behavioral Health will provide high quality consumer centered and family friendly, prevention, education and clinical services to residents of Colusa County. We will promote recovery/wellness through independence, hope, personal empowerment and resilience. We will make access to services easier, services will be more effective, produce better outcomes and out-of-home and institutional care will be reduced. All of our Behavioral Health services will be designed to enhance the wellbeing of the individuals and families who it is our privilege to serve.

COLUSA COUNTY SUBSTANCE USE PROGRAM

A division of Colusa County
Department of Behavioral Health

About Us

The Colusa County Department of Behavioral Health Substance Use Program is committed to serving individuals and families affected by alcohol and/or substance use. There is no financial eligibility and we serve all Colusa County residents.

We offer a variety of services including:

- Individual counseling
- Group counseling
- Perinatal services
- Assistance with referrals and residential treatment
- Prevention services

How do I get started?

Please contact us Monday – Friday from 8:00 AM to 5:00 PM

PHONE: (530) 458-0520

FAX: (530) 458-7751

162 E. Carson Street
Colusa, CA 95932

Perinatal Services

If you are pregnant or a parenting mother and in need of support we provide priority access for treatment and a variety of perinatal services. We also provide childcare during treatment sessions. Please contact us for more information.

Prevention Programs

Friday Night Live/Club Live (FNL/CL) programs are youth led action groups that meet weekly on high school and middle School campuses throughout Colusa County. The programs build leadership skills, broaden young people social networks, and implement youth led projects to improve school climate and reduce youth access to alcohol and other drugs. FNL/CL programs are grounded in a positive youth development model. Positive youth development focuses on individual's strengths and their potential to contribute positively to their own lives and to their communities. FNL/CL Programs are designed to engage youth actively in program decision making, planning, and implementation so that participants build on their strengths, develop skills, and engage as leaders in creating healthier schools and communities.
