INDEPENDENT ACCOUNTANT'S REPORT

Members of the Treasury Oversight Committee
County of Colusa
Colusa, California

We have examined the County of Colusa's compliance with the Treasury Oversight Committee provisions contained in Sections 27131-27137 of the California Government Code and the County Investment Policy for the year ended June 30, 2014. The County Treasury's management is responsible for the compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination. We did not audit, verify or confirm the existence of the investments as this was not within the scope of this engagement and is normally included as part of the County's annual financial audit. Rather, the sole purpose of this examination was to determine compliance with the requirements specified in the Government Code Sections and the County Investment Policy.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and accordingly, included examining, on a test basis, evidence about Treasury management's compliance and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinions. Our examination does not provide a legal determination on compliance with specified requirements.

In our opinion, the County of Colusa is in compliance, in all material respects, with the articles of Section 27131-27137 of the Government Code and the County Investment Policy for the year ended June 30, 2014. We have included on the following pages our discussion and observations regarding the oversight compliance based on our examination.

In 1995, the California legislature passed provisions requiring each county and city to establish an oversight Committee of from 3 to 11 members representing various organizations (The pool or organizations was also specified in the legislation). The purpose of this Committee was to oversee the policies that guide the investment of public funds. The Committee was not to impinge on the day to day operations of the County Treasurer, but rather to review and monitor the Treasurer’s investment policy and reporting.

Certain statutory changes were enacted by the California legislature effective January 1, 2005. Government Code Section 27131 now makes the Treasury Oversight Committee optional, although the legislature encourages the continuation of the Oversight Committee.
